

Container Truck 540 litr

£322.38

Reference: EX68

Container Truck 540 ltr The Container Truck is sold widely through our network of distributors and continues to be extremely popular. In fact, such is its popularity that we have decided to expand the range by adding two new products. The frame is produced from mild steel, powder coated and then has 200mm rubber castors fixed to the base. (For the tank, we have 3 to choose from with capacities of 370, 455 and 540 litres. Please see these versions in the some product range on our website) All of the processes involved manufacturing the frame, powder coating the frame and producing the plastic tank are done in house giving us total control over quality and production schedule. Features Manufactured from tough 100% food grade medium density polyethylene Frame manufactured from powder coated mild steel Can be used as a standalone tank or with the frame for easier transportation and extra support Completely smooth interior for easy cleaning Available from stock in red and blue; other colours made to order. Optional extras Available from stock in red and blue; other colours made to order Additional lid and frame are available for the the truck Please use the drop-down menu to choose options you prefer Specification Product Code External Dimensions (L x W x H) Internal Dimensions (L x W x H) Capacity (litr) Wheels EX67 1040 x 730 x 615mm 940 x 640 x 610mm 370 8" fixed castors EX68 1090 x 800 x 710mm 920 x 610 x 700mm 540 2 x 8" fixed & 2 x 8" swivel EX69 1340 x 750 x 645mm 1225 x 595 x 620mm 455 2 x 8" fixed & 2 x 8" swivel
